

	ALERT LEVEL 1	ALERT LEVEL 2	ALERT LEVEL 3	ALERT LEVEL 4
OUTCOME	Keep out global pandemic. Population prepared for increase in alert levels if necessary.	Physical distancing and restrictions on leisure and social activities to address sporadic cases or a cluster in New Zealand.	Further restrictions on activities, including at workplaces and socially, to address a high risk of transmission within New Zealand.	Strong restrictions to limit all people movement and contact to contain community transmission and outbreaks.
SUMMARY	Be prepared, and be vigilant. Border measures are in place. Public health measures in place, but no physical distancing is needed.	Businesses open, but physical distancing applies. People advised to avoid non-essential travel.	Stay at home, other than for essential personal movement, and going to work/school. Stay in extended bubble, which can now include close family or caregivers.	Stay at home, other than for essential personal movement and doing essential work. Stay in immediate household bubble.
PUBLIC HEALTH MEASURES	No physical distancing requirements.	People should keep 1 metre apart (especially on public transport).	People should keep 2 metres apart outside home where possible (apart from with people within their extended bubble). This requirement does not apply to emergency and frontline public services (e.g. healthcare). In a controlled environment such as a workplace, 1 metre distancing is required.	People should keep 2 metres apart at all times outside home, including at workplaces. This requirement does not apply to emergency and frontline public services (e.g. healthcare).
WORKPLACE MEASURES	Businesses must operate safely. This means: Complying with Alert Level 1 settings in this table, and Meeting appropriate public health requirements for their workplace (e.g. handwashing), and	Businesses must operate safely. This means: Complying with Alert Level 2 settings in the this table, and Meeting appropriate public health requirements for their workplace	People required to work from home unless that is not possible. Workplaces can only open if: Workers cannot work from home, and Workplaces are operating safely, and	People required to work from home unless that is not possible. Workplaces can only open if: Workers cannot work from home, and They are operating safely, and They are essential services.

	<p>Fulfilling all other health and safety obligations.</p>	<p>(e.g. having contact tracing systems), and</p> <p>Fulfilling all other health and safety obligations.</p> <p>All businesses are encouraged to use alternative ways of working if possible. Business premises can open for staff and customers. Services can also be provided on customers’ premises (e.g. in homes).</p>	<p>Customers are not allowed on premises, and</p> <p>Businesses can trade without physical contact with customers (e.g. through phone/online orders, delivery, pick-up and drive-through).</p> <p>Businesses cannot offer services that involve close personal contact, unless it is an essential service, emergency or critical situation.</p> <p>Supermarkets, dairies and petrol stations can have customers on premises.</p> <p>If businesses cannot operate safely, workers must not go to work and premises should remain closed.</p> <p>“Operating safely” means:</p> <p>Complying with Alert Level 3 settings in this table, and</p> <p>Meeting appropriate public health requirements for their workplace, including for workers (e.g. putting up physical barriers), and</p> <p>Fulfilling all other health and safety obligations.</p>	<p>“Operating safely” means:</p> <p>Complying with Alert Level 4 settings in this table, and</p> <p>Meeting appropriate public health requirements for their workplace (e.g. putting up physical barriers), and</p> <p>Fulfilling all other health and safety obligations.</p> <p>This means if a business providing an essential service cannot operate safely, workers must not go to work and premises should remain closed.</p> <p>Only supermarkets, dairies and petrol/service stations can open their retail premises to the public. Essential services must also comply with any specific restrictions on how they operate.</p>
